MEMORANDUM FOR : Comptroller, DPD

SUBJECT : Contract No. FL-3011, Delivery Status,  
Westinghouse Electric Corp.

1. On 21 September 1959, we furnished your office with copy 2 of a letter dated September 8, 1959 (DPD-6161-59) from the subject Company regarding deliveries.

2. Please advise if you agree with their report on the status of deliveries. We agree that the Company need not deliver any outstanding items at this late date. Also, we feel that we should accept the credits offered by their 19 January and 8 September 1959 letters. The residual material has not been received by the Depots but shipment is in process. As soon as all residual has been received we will advise you.

3. Upon receipt of your memorandum regarding deliveries we will, if you agree with the Contractor, issue an amendment to the contract deleting the undelivered items and reducing the price accordingly unless you feel there is some means of effecting final payment without this added paper work.
